

Get to Know Your Gear

CARRY IT

The handle on top of the EXTREME 350 makes it easy to carry, unlike other battery packs.

POWER IT

The EXTREME 350 is capable of charging any device; USB, 12V and AC outputs (requires inverter).

LEAVE IT

Leave the EXTREME 350 plugged in at home or in your cabin as a great emergency backup.

Getting Started

1. Be sure to **ACTIVATE YOUR WARRANTY** at www.GOALZERO.com/warranty
2. To use: plug your 12V car adapter (included) into the EXTREME 350 power pack.
3. Plug devices into the 12V car adapter. For more charging options use EXTREME UI (Universal Inverter) available at www.GOALZERO.com.

How to Use Your Gear

1 Charging Port

Use to charge EXTREME 350 from wall or solar panel.

2 12v output port

Attach EXTREME UI, use for chaining, or use to power 12V devices.

Comes With

12V car adapter

Technical Specs

Shelf Life	charge every 3-4 months
Chainable	yes, with other EXTREME 350s

Inputs

Charging port (8.0mm)	15-16V, 10A max (150W)
-----------------------	------------------------

Outputs

Chaining port (2x Powerpole)	11-13V, 30A max (400W), not regulated
*AC universal-port	400W, modified-sine wave user-switchable 110/220VAC
*USB port	5V, 0.5A (2.5W), buck regulated
*12V port (6.0mm, and car adapter)	11-14V, 10A max (120W), not regulated

Internal

Battery type	Lead-acid (AGM)
Battery capacity	350Wh (12V, 33Ah)
Battery voltage range	11-14.4V
Life-span	hundreds of cycles
Fuses	Two 30A standard car fuses

General

Weight	25.7 lbs (11.7 kgs)
Dimensions	9x10x3 in (23x25.4x7.6 cm)
Warranty	12 months
Tested and Certified	FCC and CE
Operating useage temp.	32-104°F (0°-40°C)
Optimal storage temp.	70°F (21°C)

* Does not come with EXTREME 350 power pack. These outputs are included on the EXTREME UI, available at www.GOALZERO.com.

USER GUIDE

Frequently Asked Questions

What electronics will it power?

The EXTREME 350 is designed for larger electronic equipment, however heating devices (for example, space heaters) may draw too much power from the EXTREME 350 to be effective.

Is it weatherproof?

The EXTREME 350 will hold up in incimate weather, but it is not waterproof. Make sure the ports are dry before using the device.

How long can the battery hold a charge?

If left unused, the battery will hold a charge for 3 months. It is best to leave your EXTREME 350 plugged in to prolong the life of the battery.

Do I need an inverter?

To run any AC or USB device you will need an EXTREME UI (Universal Inverter) available at www.GOALZERO.com.

Compatible With

Most 12V devices, like:

- Laptop
- Fan
- Cell phone
- Smart phone
- GPS
- MP3 player
