Get to Know Your Gear

SECURE IT

The EXTREME UI snaps into the side of the EXTREME 350 power pack.

POWER IT

Make sure to flip the power switch to 'on' before use.

USE IT

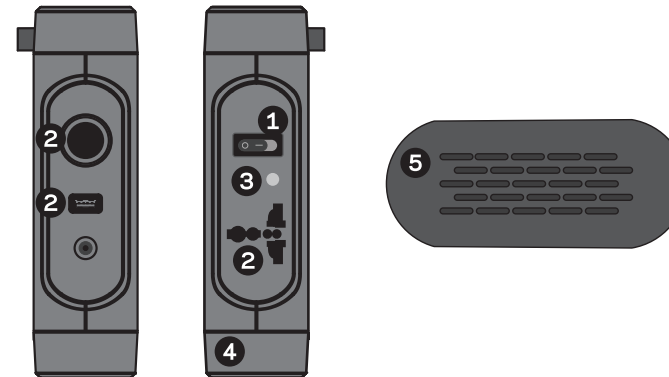

Allows you to use AC plugs from 110-220V at 400 Watts, as well as USB and 12V outputs.

Getting Started

1. Be sure to ACTIVATE YOUR WARRANTY at www.GOALZERO.com/warranty
2. Attach the EXTREME UI to the EXTREME 350 power pack via the red and black plugs located on both the power pack and the UI.
3. Turn the EXTREME UI to on.
4. Ensure it is on the right voltage setting and plug in your device.

How to Use Your Gear

- 1 Power switch**
Push the rocker switch to the ON position to use the EXTREME UI with 2 or 3 pronged devices.
- 2 Plug**
The universal outlet accepts all common Western, European, and Asian plug types with a max of 400 Watts. It also helps to power USB and 12V DC products.
- 3 Voltage**
A green light indicates which voltage (110 or 220) is selected. To change the voltage flick the switch found on the side of the UI (next to the On/Off switch).
- 4 Chain**
The EXTREME UI is *not* a battery. It is meant for use with the EXTREME 350 power pack. To use it with EXTREME 350 power packs that are chained together, plug it into the last power pack on a chain.
- 5 Cooling**
There's no need to worry about your EXTREME UI over-heating. It comes with a built-in fan to keep it cool.

Technical Specs

Usage

Use with the following:
EXTREME 350

Inputs

12V port	Powerpole or male car adapter 11-14V, 30A max (400W)
----------	---

USB port	5V, 0.5A max (2.5W)
AC Multi-standard outlet	110/ 220VAC, user switchable 400W max

General

Weight	1.5 lbs (0.7 kg)
Dimensions	8x6x2 in (20x15x5 cm)
Warranty	12 months
Operating usage temp.	32-104°F (0°-40°C)

Frequently Asked Questions

Is the EXTREME UI waterproof?

No. Do not use the EXTREME UI if it is wet. If it gets wet, allow it to dry completely before using it.

What will happen if I select the wrong voltage?

You can SEVERELY damage your devices if you do not select the right voltage. Please verify the voltage requirements of your device before trying to power it via the EXTREME UI.

Can I use the EXTREME UI with chained GOAL ZERO EXTREME 350 power packs?

Yes, but make sure all EXTREME 350 power packs are turned on.

Can I use the EXTREME UI as a stand-alone source of power?

No. The EXTREME UI is specifically designed to enhance the capabilities of the EXTREME 350 power packs. It is *not* a battery, and cannot power items on its own.

Do I have to have a EXTREME power pack to use my UI?

The EXTREME UI can only be used with EXTREME 350 power packs.

Compatible With:

GOAL ZERO products:

EXTREME 350

EXTREME power packs

Common Western, European, and Asian plugs.

Must be 110 or 220V with a maximum of 100 Watts.
