

## GOAL ZERO HEADQUARTERS

675 West 14600 South  
Bluffdale, UT 84065  
1-888-794-6250  
Designed in the U.S.A.  
Made in China

Flip is a trademark of Goal Zero.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

# FLIP™ DOCK

## USER GUIDE

## GET TO KNOW YOUR GEAR

Front

Charge one or two Flip Rechargers

## HOW IT WORKS

1. Plug into any 110V AC outlet using the flip-out prongs.
2. Plug in one or two Flip Rechargers into the USB ports.

NOTE: Once plugged in, the two USB ports on the Flip Charging Dock can recharge other USB-powered devices like phones and tablets. When only one USB port is used, you can expect higher amperage outputs for larger USB-powered devices.

OPTIONAL: By using the included screw, mount the Flip Charging Dock to most standard 110V AC outlets.

## TECHNICAL SPECIFICATIONS

### Flip Dock

#### Ports

USB output	5V, up to 3A shared (15W max)
AC input	110-240V, 50-60Hz, 0.35 A

#### General
